

ME ANNUAL STUDENT SATISFACTION SURVEY – SPRING 2002

The ME Department is interested in assessing your overall development and growth as a professional while you attend and take courses in the Department. We are also very much interested in understanding the needs and wishes of the students, particularly in helping students persist in their education and in the attainment of success in their courses. The survey includes your opinions about the facilities, and the environment of learning in helping you to achieve your goals as a student. This survey is intended for sophomore, junior and senior students in the Department and **should be filled only once by each student during this semester.**

Class (circle one): *Sophomore* (26-55 hours) / *Junior* (56-85 hours) / *Senior* (> 86 hours)

Gender (circle one): M / F

Age (circle one): <=25 or >25

Instructions: Please circle the response that best fits your satisfaction using the scale: **1 = Very Dissatisfied** and, **5 = Very Satisfied**. If the item does not seem to apply to you, please leave it blank.

1	Quality of instruction	1	2	3	4	5
2	Quality of ME Experimental labs (ME 272, ME 310, ME 340, ME 372, ME 314)	1	2	3	4	5
3	Quality of ME Design courses (ME 262, ME 372, ME 462)	1	2	3	4	5

9	Opportunities for networking with fellow students and faculty through professional societies such as ASME, SAE, AIAA, SWE, NSBE Are you currently a member? Yes or No:	1	2	3	4	5
10	Overall professional learning experience	1	2	3	4	5
11	Overall quality of ME education	1	2	3	4	5

Please use the back of this page to write any suggestions or comments you have for improving your experiences with the ME Department. If you would like to be included in a discussion group to explore ways to improve the department and the curriculum, please communicate this interest to the department chairman. If you are completing this outside of class, please submit it to the ME department secretary.
