

**DEPARTMENT OF MECHANICAL ENGINEERING, IUPUI
FACULTY FEEDBACK FORM FOR COURSE OUTCOMES SURVEYS**

Note: This form is to be completed and submitted to the department by instructors at the end of each semester based on the survey results of courses taught. It is designed to monitor student learning, keep track of progress and changes made in the program, and allow faculty reflect upon the results. The survey results may be viewed from the department's survey database at <http://www.engr.iupui.edu/me/assessment/fsurveys.shtml>. The completed form is to be emailed to cwooton@iupui.edu (*note: first save the file locally, then email as an attachment*).

Course: ME450	Year: 2007	Semester: Fall
Instructor: Khosrow Nematollahi	Survey Average: 3.44 (Out of 5)	Faculty Average: (Out of 5)

- List the outcomes that did not meet the Department's current threshold of 3.75 out of 5.0 and explain the reasons. If all or most outcomes in your course are equal to or above 3.75, please reflect upon on the lowest two or three. Please state the outcomes as fully as possible, as in the course outcomes list, with the numbers same as on the list.

3. Use the finite element method for heat transfer analysis of solid [k1]	3.18
I will add more heat transfer content	
6. Make checks to verify the accuracy of the finite element solutions [a4]	3.36
We will do more equilibrium check	
7. Write project reports describing and evaluating the obtained results [g]	3.36
I do not know what else to do.	
8. Give oral presentations of their projects	3.09
I do not know what else to do.	

- Were there any changes made to the course during the semester? If so, explain.

No.

3. Are there any recommendations for improvement?

More fundamentals and more homework. Less Labs and projects per student's requests.

4. Additional reflections/suggestions for assessment?

Oral presentation and report writing are student's responsibilities. We can replace them with two more questions regarding learning finite element fundamentals.

Please email to Courtney Wooton at cwooton@iupui.edu. Thanks.
