

**DEPARTMENT OF MECHANICAL ENGINEERING, IUPUI
FACULTY FEEDBACK FORM FOR COURSE OUTCOMES SURVEYS**

Note: This form is to be completed and submitted to the department by instructors at the end of each semester based on the survey results of courses taught. It is designed to monitor student learning, keep track of progress and changes made in the program, and allow faculty reflect upon the results. The survey results may be viewed from the department's survey database at <http://www.engr.iupui.edu/me/assessment/fsurveys.shtml>. The completed form is to be emailed to hakay@iupui.edu (note: first save the file locally then email as an attachment).

Course: ME462	Year: 2006	Semester: SP
Instructor: Chen	Survey Average: 4.18 (Out of 5)	Faculty Average: 3.85 (Out of 5)

1. List the outcomes that did not meet the Department's current threshold of 3.75 out of 5.0 and explain the reasons. If all or most outcomes in your course are equal to or above 3.75, please reflect upon on the lowest two or three. Please state the outcomes as fully as possible, as in the course outcomes list, with the numbers same as on the list.

All the outcomes have higher than 3.75 scores. The lowest two are:
Generate design ideas based on functional decomposition [c1] 3.95
Validate the final design [b] 3.95

2. Were there any changes made to the course during the semester? If so, explain.

Added inter-group evaluation
Increased faculty supervision at the first 6 weeks of class

3. Are there any recommendations for improvement?

Introduce more examples for function decomposition.
Provide resources for final design evaluation.

4. Additional reflections/suggestions for assessment?

Please email to: hakay@iupui.edu. Thanks.
